

Inspire Young Minds

- Engineers make Bridges
- Artists make Paintings
- Scientists make Rockets
- But Teachers make them All.

I want to bring about sustainable positive change that will continue to propagate on its own, and I think teaching is the best way to do that. While my education at Mines has prepared me to be an effective engineer, I believe that my time is better spent giving others the tools to critically evaluate and address the challenges they encounter.

B. O'Brennan,
Colorado School of Mines

Changing the conversation around
STEM teacher recruitment

'**THINKING ABOUT
TEACHING
SCIENCE?**'

Did you know...

There are student **loan forgiveness** programs and **scholarships** for science and math teachers¹

Mid-career **teacher salaries** typically range between \$60,000 and \$130,000²

Most teaching jobs have better **retirement benefits** than private industry³

Teachers **rate their lives better** than all other occupation groups, trailing only physicians⁴

Behind every advance in medicine or technology is a **teacher who left a lasting impression**

You can get a **job almost anywhere** as a science teacher²

Teaching is one of the best ways to **work abroad**, teaching science in an American school⁵
