

Inspire Young Minds

- Engineers make Bridges
- Artists make Paintings
- Scientists make Rockets
- But Teachers make them All.

"I really like the ability to still explore higher level physics while being a teacher, whether it is through college level teaching (evening labs or online classes) or summer opportunities like the Quarknet group. Having summers off allows for time to go explore and still be involved with industry level physic"

T. Plantt,
Greeley West High School

Repairing the reputation
of
the **teaching profession**

**'THINKING ABOUT
TEACHING
PHYSICS?'**

Did you know...

There are student **loan forgiveness** programs and **scholarships** for Physics teachers.¹

At year 15, the middle 50% of teacher salaries ranges between **\$65,000 and \$110,000 (IQR)**, nationally.^{2,3,6}

Most teaching jobs have **better retirement benefits** than private industry.³

Teachers **rate their lives better** than all other occupation groups, trailing only physicians.⁴

Behind every advance in medicine or technology is a **teacher who left a lasting impression.**

You can get a **job almost anywhere** in the **U.S. or abroad** as a Physics teacher.⁵

Teachers earn additional pay of **\$1,000 - \$8,000 (IQR)** for optional activities like coaching, running afterschool clubs, and tutoring.^{3,6}
