

Inspire Young Minds

- Engineers make Bridges
- Artists make Paintings
- Scientists make Rockets
- But Teachers make them All.

I want to bring about sustainable positive change that will continue to propagate on its own, and I think teaching is the best way to do that. While my education at Mines has prepared me to be an effective engineer, I believe that my time is better spent giving others the tools to critically evaluate and address the challenges they encounter.

B. O'Brennan,
